NIKHIL KUMAR

Software Engineer | PHP | Laravel | React Native | REST APIs | JavaScript

+91-9199015629 | nikhildhanraj383930@gmail.com | linkedin.com/in/nikhilkumar | Kestopur, Kolkata

PROFESSIONAL SUMMARY

Software Engineer with professional experience in **PHP, Laravel, MySQL, JavaScript, React.js, React Native, and Python**. Experienced in developing and maintaining full-stack web applications, SaaS platforms, e-commerce applications, responsive user interfaces, REST API integrations, authentication systems, and database-driven applications. Strong background in backend development, database integration, debugging, testing, maintenance, and performance optimization.

TECHNICAL SKILLS

Languages: PHP, Python, JavaScript, Java
Backend: PHP, Laravel, REST APIs, API Integration, Authentication
Frontend: JavaScript, React.js, HTML5, CSS3, Bootstrap, Responsive Web Design
Database: MySQL, SQL, Database Design, Database Integration
Mobile: React Native, Android Development
Development: Full-Stack Development, Debugging, Testing, Maintenance, Performance Optimization
Tools: Android Studio, Visual Studio

PROFESSIONAL EXPERIENCE

Smartway Electronics Pvt. Ltd. **August 2024 – Present**
Software Engineer

- Develop responsive web applications using **PHP, Laravel, JavaScript, and MySQL**.
- Build full-stack e-commerce applications with authentication, database integration, and order management.
- Develop and deploy **React Native Android applications** with REST API integration.
- Build interactive **React.js** interfaces and integrate backend APIs.
- Contribute to Python-based enterprise project development, debugging, and maintenance.
- Perform testing, troubleshooting, and performance optimization to improve application reliability.

KEY PROJECTS

Vardikka – Multi-Workspace SaaS Platform *Laravel 12, PHP, MySQL, Bootstrap, JavaScript*

- Architected and developed a multi-workspace SaaS platform supporting Personal, Family, Business, Store, and Group workspaces.
- Implemented authentication, role-based access control, workspace management, subscription plans, payment verification, and invoicing.
- Developed integrated Business modules for accounting, inventory, payroll, CRM, attendance, and employee management.

Nayzaar – Full-Stack E-Commerce Platform *Laravel 12, PHP, MySQL, Bootstrap, JavaScript*

- Developed an e-commerce platform with product catalogs, category management, customer management, and order processing.
- Implemented admin and seller management, authentication, and database-driven product management functionality.
- Built responsive interfaces and secure product image management using private storage and controller-based access.

React Native Android Applications *React Native, JavaScript, REST APIs*

- Developed and deployed two Android applications with integrated frontend, backend, and REST API functionality.
- Implemented application features, API integration, debugging, testing, and performance optimization.

EDUCATION

Haldia Institute of Technology, Haldia **2024**
M.Tech – Computer Science & Engineering CGPA: 8.56/10

College of Engineering & Technology, Durgapur **2022**
B.Tech – Computer Science & Engineering CGPA: 8.30/10

S.R.P. Inter College, Patna **2017**
12th – Science Percentage: 66/100

Satyam International School, Patna **2014**
10th – Matric CGPA: 8.0/10

LANGUAGES

English, Hindi
